

As part of our commitment to social responsibility, we work towards the achievement of the Sustainable Development Goals (SDGs) that were adopted by the United Nations in 2015 as a global call to protect our planet and ensure that all people have peace and prosperity by 2030.

There are 17 sustainable development goals that serve to solve today's major global issues, from poverty and inequality to climate change. Basically, these 17 goals are the roadmap to achieve a sustainable world and future for all.

Goal 1: Poverty eradication: Ending poverty in all its forms everywhere.

Goal 2: Fight hunger: End hunger and starvation by achieving food security, improving nutrition, and promoting sustainable agriculture.

Goal 3: Good health: Ensuring healthy lives and promoting wellness for all ages.

Goal 4: Quality education: Ensure inclusive education for all and promote quality, equitable and sustainable learning opportunities.

Goal 5: Gender equality: Achieving gender equality through the empowerment of adult women and young women.

Goal 6: Potable water and sanitation: Ensure availability and sustainable management of water and sanitation conditions.

Goal 7: Renewable energy: Ensuring access for all people to affordable, reliable, sustainable, and renewable energy sources.

Goal 8: Decent work and economic growth: Promote sustained, inclusive, and sustainable economic growth, full and productive employment, and decent work for all people.

Goal 9: Innovation and infrastructure: Building resilient infrastructure, promoting inclusive and sustainable industrialization, and fostering innovation.

Goal 10: Reducing inequality: Reducing inequality between and within countries.

Goal 11: Sustainable cities and communications: Creating sustainable cities and human populations that are inclusive, safe, and resident.

Goal 12: Responsible consumption: Ensuring sustainable consumption and production patterns.

Goal 13: Rain against climate change: Combat climate change and its effects as a matter of urgency.

Goal 14: Aquatic flora and fauna: Conserve and sustainably use the oceans, seas, and marine resources for sustainable development.

Goal 15: Terrestrial flora and fauna: Protect, restore, and promote the sustainable use of terrestrial ecosystems, manage forests sustainably, combat desertification, and halt and reverse land degradation and halt biodiversity loss.

Goal 16: Peace and justice: Promote peaceful and inclusive societies to achieve sustainable development, provide access to justice for all people and develop effective, accountable, and inclusive institutions at all levels.

Goal 17: Partnerships for Global Goals: Strengthening the means to implement and revitalize global partnerships for sustainable development.
